

## WEEKLY BULLETIN

January 19, 2012

Dear Northwoods Parents and Students,

As the virtue of the month is thankfulness, I would like to begin this week's newsletter with a heartfelt "thank you" to all the families at NCS. Thank you for entrusting Northwoods with the education of your children. I appreciate your dedication and support and look forward to an exciting second semester!

Some reminders about upcoming events at NCS include:

- Awards Ceremony this Friday, 1/20, at 2:15pm
- Report Cards home tomorrow
- Remember to bring in your Box Tops – over the last six months, we made \$620 – yeah!
- Remember to leave any prayer requests at the front desk – the teacher's prayer group meets weekly on Monday afternoons.

\*Don't forget to check the NCS website for this and past weeks Bulletins. This week please note detailed information on the following:

- Accreditation Status
- Coordinator Corner
- Gala T-Shirt
- "Willow House" shopping opportunity
- February Lunch Menu
- Father/Daughter Reminder
- After school Golf Program
- Baseball Registration

Yours in Christ,

Kristen Thome

***IT IS  
TIME TO  
CELEBRATE !***

**It's official - Northwoods Catholic School has received notice that we are **FULLY ACCREDITED!****

**Congratulations to the entire school community. This is an accomplishment of which we can be very proud.**

# COORDINATOR CORNER

## SEMPER ALTIUS: “ALWAYS HIGHER”

### ***Weekly Focus: Intellectual Formation***

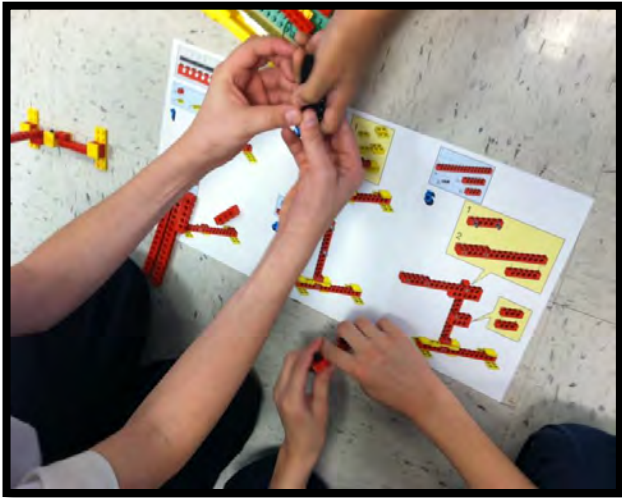

The goal of Intellectual Formation is to foster a love of learning and develop intellectual capabilities and habits. The formation of the intellect goes beyond memorizing a body of information. Students are challenged to exercise each facet of their intellect: analysis, synthesis, relation, and judgment. Developmentally appropriate skills and current educational methods are integrated within each of the subject areas.

### ***Highlight of the Week: Mrs. Bush’s Third Grade Class***

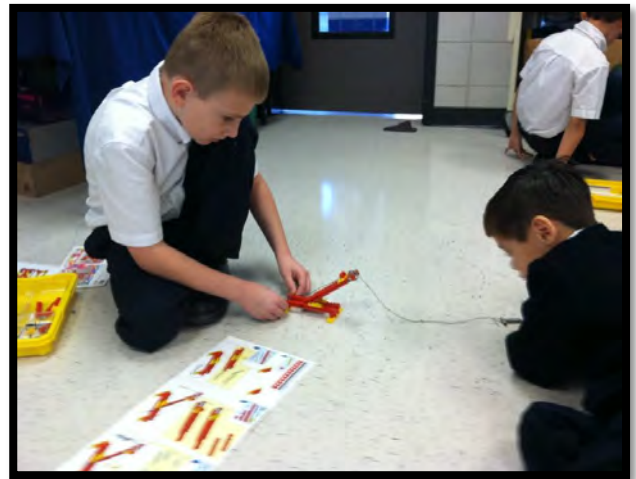

Students in Mrs. Bush's third grade class used the study of Physical Science to understand simple machines and how they make work easier. The students worked in groups to build simple machines. The students applied hands-on building, kinesthetic movement in the room, as well as partner sharing to build and manipulate pulleys, levers and wheels, and axles in order to better understand their functions.

The students were able to construct small experiments such as making a propeller and a balloon rocket and identify variables that would affect the simple machines. Higher-level thinking skills were used to apply, analyze and synthesize the functions of simple machines.

Lynn Chapman  
Academic Coordinator  
Grades PK3-3rd

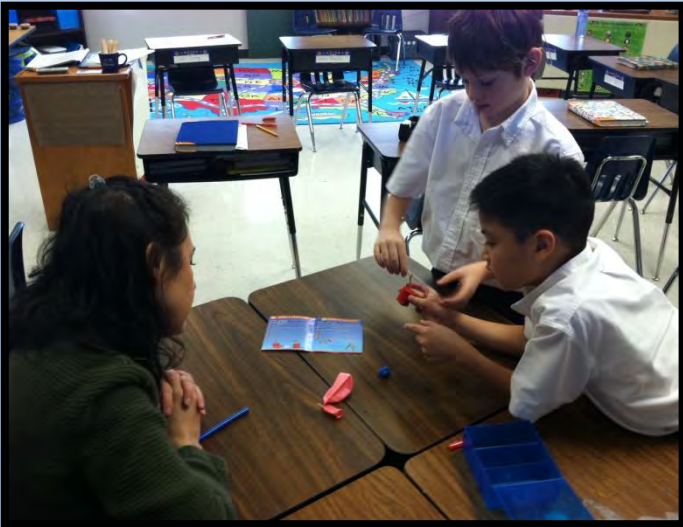

Students work diligently on their simple machines.

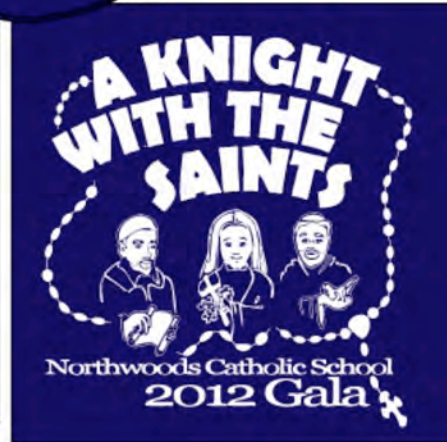

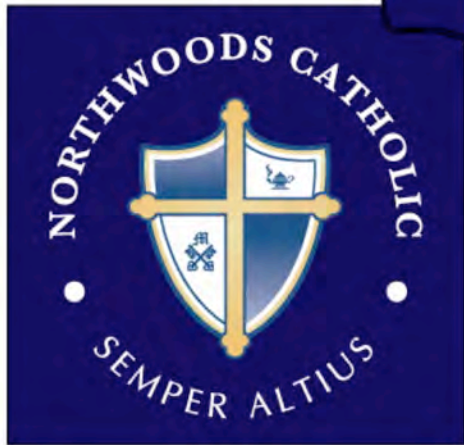

Andrew Pye displays his group's finished product!

Mrs. Bush inflates a balloon as the students prepare for an experiment.

Mrs. Bush works with students to test simple machines.

## RELEASE AND WAIVER OF LIABILITY

We the parents (or guardian) of \_\_\_\_\_ give our permission and approval for my child's participation in any and all activities during the coming season. We assume all risks and hazards incidental to such participation in any and all activities; and do hereby waive, release, and otherwise hold harmless Northwoods Academy, Inc., Northwoods Catholic School, their association officials, sponsors, coaches, volunteers, other participants, and persons transporting our child.

We understand that in spite of all reasonable precautions; injuries can happen. This is a contact sport and involves physical activity, and even the best equipment will sometimes not prevent injury. I affirm that the registrant is in sound physical and healthy condition, and that the child is covered by health insurance secured independently.
